NOTES																		
*For all Plaintiffs except Antonio Veras, Norberto Rozon, and Jose Alcantara, dates of service are taken from employer's records. These Plaintiffs' dates of service are as self-reported.																		
*Damages under NYLL s. 195 are calculated taking into account that the Wage Theft Prevention Act took effect on February 1, 2011 and was amended as of February 27, 2015.																		
*Regular Rate of Pay (RROP) is calculated by dividing Average Weekly Wages Paid (column G) by Estimated Hours per Week (Column E).																		
*Cells highlighted in light green are estimates based on the average of all other plaintiffs' value for a given field.
